CONNECT, WELCOME TO BIG CAMP 2023!

From my experience of Camp Meetings, we come for one reason: to connect. We connect in two ways – upward to God, and outwards to each other. Both are important for the Christian life,

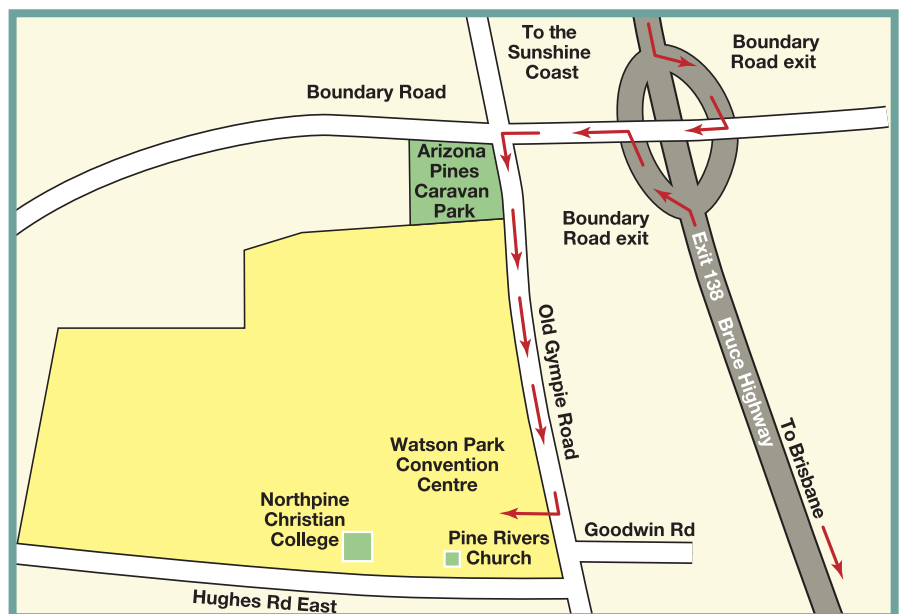

At camp we connect with God through our singing, our worship, our prayers, listening to His word and reading His word. As we do so we are encouraged to reach out and connect to others. To show Christ's love to them, to forgive others in harmony with His will, to serve others, and to share the gospel. These principles are at the heart of the discipleship journey He calls us to. It's a privilege to connect in both of these ways. We pray that Camp will help you do just that.

A huge thank you goes to the Watson Park team who look after our facilities for the entire year. The grounds and facilities look great. Volunteers are the life-blood of church life, and camp is no different. We really value this voluntary contribution so many people make to pull the camp program together. I know you'll show your appreciation when you see them

around the grounds. The many staff from our Head Office in Spring Hill relocate and work from Watson Park for the week of camp. They are instrumental in making everything work smoothly and caring for so much of the logistics required to make camp successful. We thank everyone for their contribution.

Thank you for coming to Big Camp 2023, and we pray that God's Spirit will be evident around the grounds as we connect with God and with each other. and we trust Camp will help facilitate both connections.

Pr Brett Townend

ANIMALS:

In the interests of camp hygiene, **NO ANIMALS** are permitted on the camp ground.

TENT CARE:

Keep all ropes taut. Knots on wall ropes are pulled through a loop in the rope and tied off. Please take care that sharp objects are not rubbing against canvas. If you happen to notice a tent, apart from your own, that needs attention please notify the Camp Superintendent. Please do not permit children to play with any tent ropes.

Cars displaying Government-issued Disabled Parking Permits, will be allowed to park within the camp ground in the designated areas. However, if you do not require your vehicle in the camp ground, please park in the main car park.

SUPERINTENDENT'S OFFICE:

The Camp Superintendent's office is located at the end of the camp office building. A superintendent is rostered on duty between 7.00 am and 10.00 pm. Should you need assistance outside of these hours, please contact our rostered security personnel.

SPEED LIMIT:

Within the camp ground the speed limit is 10 km per hour. This is essentially walking pace. This limit will be strictly enforced.

CAMP INFORMATION

SECURITY: AFTER HOURS EMERGENCY CONTACT: 5665 7727

Security will be maintained on the grounds 24 hours a day and at night will include patrols with guard dogs. Valuables left unattended in your tents remains the responsibility of campers. We would advise campers not to leave valuables in their tents, vans or units.

GATES:

The Old Gympie Road entrance gates will be locked at 10.00 pm. Entrance to the grounds after 10.00 pm and before 6.00 am is through the front gate only. If you need to leave before 6.00 am, please notify security or superintendents the night before to make arrangements. There is a 24-hour security maintained in all designated car park areas.

CAMP CURFEW:

Camp Curfew is 10.00 pm which is considered retiring time and so we would ask that noise levels be kept to a minimum after this time. By 11.00 pm it is expected that all campers will be in their accommodation. People roaming the grounds after this time will be asked by security personnel to return immediately to their accommodation. If they refuse to comply, it will be considered grounds for removal from the property. Tent walls are thin and loud talking after 10.00 pm is disturbing to neighbours. Courtesy and respect for others requires your compliance.

YOUTH CHAPERONES:

Chaperones for young people under the age of 18 must be on site at night and must be living in the tent or van next to, or opposite, those being chaperoned. Chaperones must regularly keep in touch with the young people under their care and ensure that their tents and the close environs are kept clean and tidy at all times.

CHILD SAFETY:

Parents are reminded that their responsibility for their children does not cease when they come to camp. While every care is taken, the Conference does not accept responsibility for the care of children during camp. The ultimate responsibility for the care of children always remains with parents or guardians. Please ensure that you know the location of your children and young people and that they are adequately supervised throughout the camp, including between meetings.

DRESS:

Dress should be appropriate for a public Christian convention. Smart casual is appropriate for most occasions.

MAIL OR MESSAGES:

Messages for campers will be kept at the camp office, and will not be delivered except for **EXTREME EMERGENCIES**. The message board is on the outside wall at the front of the office. Particularly check before you leave camp for home.

INDUCTIVE LOOP:

Inductive loops enable people who have a hearing aid with a "T" switch position to hear clearly when sitting in the serviced area.

LOST PROPERTY:

All lost property should be delivered to the camp office.

ELECTRIC POWER CORDS:

All electrical power cords/leads used to connect a caravan to the electricity supply **MUST** be in a safe condition and "tested and tagged" by a suitably qualified person. The "next test due" date on the test tag must be current.

ELECTRICAL REPAIRS TO HIRED CARAVANS:

Camp electricians cannot be involved with electrical repairs to hired caravans. Any electrical repairs required to hired caravans are the responsibility of the hirer.

COOKING:

Be extra careful with all heating apparatus. Be especially careful with gas bottles and appliances as they are **AN EXTREME FIRE HAZARD**. Ensure that there are no **OUT OF DATE** or **LEAKING BOTTLES** and enclose all gas or primus flames in fire-protecting material. No electrical appliance should be used for heating or cooking in tents. Electricity in the tents is 32 volts. In the units, only the appliances listed on the unit regulations are acceptable (see unit walls).

FIRE HOSES:

Fire extinguishers are available at locations around the grounds, including the ABC, office, kitchen, eastern end of 13th Avenue, Ring Road near caravan 25. A fire tender truck is on standby. In case of fire, act swiftly, send a bystander to contact the Superintendent.

AUTOMATIC TELLER MACHINE (ATM):

An ATM is available outside the camp office that will enable campers to access their bank accounts for the withdrawal of cash, in a similar way to a normal ATM. Transactions, such as deposits and transferring of funds, are not available from this machine. The ATM can be accessed daily between 6.00 am and 10.00 pm (except Sabbath hours).

COURTESY CARTS:

Courtesy carts are provided (between 6.00 am and 30 minutes after the evening meeting concludes) for the use of campers with genuine

CAMP INFORMATION

transport needs. If you require the use of a courtesy cart, please contact the camp office, or any of the security personnel. If you would like to make a specific booking please contact the camp office. In the interests of safety, children are not permitted to seek joy rides on the courtesy carts.

FURNITURE:

All camp furniture should be treated with respect, as replacements are costly. Kindly return all camp furniture to appropriate stacks as directed by the Camp Superintendent at the conclusion of our camp program.

PARKING INFORMATION

Please note that there are two car park areas (*Southern and Northern*). The Northern car park is accessed by turning right immediately after entering the gates and driving along the fence line to the far end of the camp ground. The Southern car park is accessed by the main entrance as you drive in.

To assist us in ensuring that our convention grounds are as safe as possible for pedestrians to move around to the various meeting places and activity sites, we ask for your co-operation to ensure that once you have unloaded your vehicle at your accommodation site, your vehicle is then removed from the camping grounds to the designated car parking areas.

At registration, campers will be given a coloured **Parking Permit** that is to be **displayed in your vehicle at all times**. You will be directed to the carpark (*Southern and Northern*) closest to your accommodation and the permit will allow you to park in the campers section of the assigned carpark. Cars without parking permits will only be allowed to park in the visitors section of the carpark. All cars, including caravanners' cars must be parked in the designated car parks, in order to comply with fire regulations. Day visitors to park in the southern car park

No cars will be allowed in to park permanently, or drive regularly in the tent and caravan areas.

Please do not park in areas that are clearly signposted as **NO PARKING AREAS**. We reserve the right to remove any vehicles that are parked in such areas.

Security in both parking areas will be maintained 24-hours a day. Courtesy buggies operate to assist you moving to and from the parking area and around the grounds.

Those vehicles displaying **Queensland Transport Disabled permits** will be allowed access to the camping areas.

However, if these vehicles are not required for transportation in the camping areas during camp, campers may also wish to park these vehicles in the designated parking area to assist in the camp operations.

The duration of camp will have several thousand people on the grounds at any one time. In order to make our grounds as safe as possible for pedestrians of all ages, we do aim to strictly limit vehicle access in and around the camping areas to an absolute minimum. In addition we are required to comply with fire regulations that instruct us that vehicles must be removed to the designated parking areas.

We appreciate that these arrangements may not be ideally convenient for all, however we would ask again for your co-operation to ensure that your vehicle is removed to the parking areas and for working with us in achieving the objective of a safe and accident free camp.

We do thank you sincerely for your co-operation in following these car parking arrangements and for appreciating the need for such in our camp program. In doing so, you will be working with us to ensure that our camping areas are as safe as possible for all to enjoy.

SABBATH ARRANGEMENTS:

Please note that on the last Sabbath of Camp there will be no vehicle access into the camping areas for any reason until after the close of Sabbath. Departures, pack up of tents and vans etc... is to occur after Sabbath Hours.

ATSIM CULTURAL WEAVING PROGRAM

Ivy Minniecon is a descendant of the Kuku Yalanji, Kabi Kabi, Gooreng Gooreng and South Sea Islander Nations, with an arts practice grounded in a sense of place, connection, and belonging to Country.

Ivy's main focus is the Yalanji weave of the *balji*, a traditional bag made from the *kakan* of the *duwar* (Black Palm), native to the Daintree Rainforest. Her current weaving practice translates lived experiences into a healing journey and holistically speaks of art and culture being linked intrinsically to our identity.

As an emerging artist and a graduate from the Contemporary Australian Indigenous Art program, Qld College of Art, Ivy is currently exhibiting nationally and has her artworks held in many collections. Currently studying a Bachelor of Visual Art (Honours), Ivy plans to start her Doctorate in of Visual Art in the coming years to ensure these traditional cultural practices are carried on for many generations to come.

"As an Indigenous weaver from Far North Queensland, I am aware that I live, work and respectfully practice on someone else's Country. Whilst there are synergies between weaving techniques across Australia, each individual nation has it's own unique way."

The weaving technique attached to my practice was taught to me by a Kuku Yalanji senior weaver and cultural practitioner. This unique weave from Country keeps me connected to place, purpose, and my identity.

These baskets are an ongoing series that looks at cultural practice as a form of healing and I weave every day while walking. I reflect on traditional cultural practices and the act of weaving creates a meditative state healing anxiety, stress and trauma memories.

The heart of my practice looks at holistic ideas of art and culture being intrinsically linked to our identity."

Please join Ivy at the ATSIM space in the expo hall to learn the art of cultural weaving from a Nationally Renowned Cultural Weaver. Make sure to book one of the two sessions offered at Big Camp to be sure not to miss this out on learning one of the oldest forms of art. You can make your booking at the ATSIM space in the Expo Hall
